WHO ARE WE

CONPA is a company that specializes in placement of university and college students and at work places for industrial hands-on experience which is a course requirement. The company provides services of linking up the student to the host organisation.

We believe that education has the power to transform and empower the society, with industrial internship being a critical pillar of the education structure, it is important that the young professionals be matched to the right profession.

Our Mission

To fill the void in linkage between young professionals and host corporates through personalized communication and networking to ensure that young professionals are matched to the right profession.

Our Vision

Be a respectable and trusted agency in Kenya and the region at large.
